- Paratransit trips which are outside the established JCT paratransit service area will be charged a higher fare. The fare amount will be based on the distance of the pick-up/destination of the trip from a JCT fixed-route bus route. These trips are designated as “Outside Service Area” trips.

The dimensions of a patron's wheelchair may be too large for JCT to safely accommodate the patron, and/or the as follows:
 - If the combined weight of a patron and his/her wheelchair exceeds the weight which a JCT vehicle has been rated by the manufacturer to safely handle (generally 660 pounds with JCT's current vehicle fleet), then JCT will be unable to accommodate the patron.
 - JCT will be unable to accommodate a patron if the patron's wheelchair dimensions:
 - Are too large to be loaded onto the JCT vehicle lift/ramp or to fully enter the vehicle;
 - Are so large that the wheelchair would block the JCT vehicle vestibule;
 - Are so large that the wheelchair would interfere with the safe evacuation of passengers from the vehicle in an emergency;
 - Are so large that it creates any other legitimate safety issue.
- JCT does not accommodate devices that are not primarily designed to or intended to assist persons with mobility disabilities (example: shopping carts), although JCT will allow these devices to be stored on the JCT vehicle during a trip, as storage space allows.
 - JCT does not permit an assistive device to be used in a way that departs from the intended purpose of the device (example: to use a walker, even one with a seat intended to allow temporary rest intervals, as a wheelchair in which a passenger sits for the duration of a ride on a JCT vehicle). JCT will allow these devices to be stored on the JCT vehicle during a trip, as storage space allows.
- For the client's safety, a client being transported in a wheelchair must allow his/her wheelchair to be secured (tied down) by the JCT driver.
- The JCT driver will assist the client with boarding the JCT vehicle and disembarking from the JCT vehicle, as needed and/or requested.

Visitor Policy

A visitor is anyone with a disability who does not reside in Johnson City, Tennessee.

A visitor presenting documentation of ADA paratransit eligibility elsewhere must be treated as eligible.

Any visitors presenting documentation that they are ADA paratransit eligible in their home jurisdiction must be treated by the transit agency as eligible, and no further documentation may be required before paratransit service is provided.

If a visitor does not have documentation of ADA paratransit eligibility, the transit agency may require documentation of the individual's place of residence. If the visitor's disability is not apparent, documentation of disability may also be required. But no documentation of disability may be required if the visitor's disability is apparent, such as, for example, a person using a wheelchair, or an individual who is blind or has a vision impairment and travels with a guide dog. The transit agency must provide paratransit service to the individual.

JCT is not required to provide service to a visitor for more than 21 days per year; that is, per 365-day period from the first day of use. For example, if a person with a disability travels to Johnson City, TN for three weeks a year, she never needs to apply for local eligibility. The transit agency may require, in order for the person to continue receiving paratransit service beyond 21 days within the same year that she apply for eligibility in the same manner as would a resident. This is true whether the 21 days are consecutive or parceled out over several shorter visits.

NO-SHOWS

Johnson City Transit (JCT) must enforce a no-show policy to ensure that our all our patrons receive the highest level of service.

Only no-shows that are under the rider's control may be counted against the rider. No-shows caused by reasons beyond the rider's control (e.g., scheduling problems, late pickups, and operational problems on the part of the transit provider or a family emergency or sudden turn for the worse in a variable medical condition) or (operator & JCT operations) error must not be counted against the rider. The rider is to communicate the above situations as soon as possible to paratransit dispatch (423-434-6265), so that the patron will not receive a no-show on their record.

In the event a patron receives a no show, they will informed by paratransit dispatch by telephone. They are informed the next time that they call to schedule appointments.

No-Show (in regards to suspension policy) is:

- Patron is more than 5 minutes late to pick up time.
- Patron cancels a trip less than 30 minutes before the scheduled time to be picked up. The patron is to call the paratransit office in advance of this 30 minute timeframe.
- Patron is not at the pickup location.
- Late Cancelations will be treated as no shows.

No-show (in regards to suspension policy) is not:

- When patron declines to accept a ride due to JCT being late to pick up.
- When patron's no-show is a result of their disability.
- Trips missed by the individual for reasons beyond his or her control (including, but not limited to, trips which are missed due to operator error) shall not be a basis for determining that such a pattern or practice exists.
- When a driver departs early, less than 5 minutes, prior to the scheduled pickup time.

In order to keep the number patrons no-shows as low as possible, when multiple trips are scheduled, please cancel as many of these trips as possible, and in advance of 30 minutes, each of the trips scheduled for the day, after the first no-show. These subsequent trips will not be automatically canceled, and it is assumed the patron will be able to attend the subsequent trips after the first no-show. Each scheduled trip missed will count as a no-show.

Drivers will wait no more than 5 minutes after pickup time.

- A JCT client who has taken/scheduled more than 10 trips during the most recent 30-day period and has missed more than 10% of the trips taken/scheduled, will receive a written warning, followed by a suspension of service. Total must exceed 3 no-shows.
- A JCT client who has taken/scheduled fewer than 10 trips during the most recent 30-day period and has missed more than 25% of the trips taken/scheduled, will receive a written warning, followed by a suspension of service. Total must exceed 3 no-shows
- Missed trips are defined as no-show trips. A trip missed by the client for reasons beyond his/her control, including but not limited to JCT operating error, will not be counted as a missed trip. Prior to suspension, the client will receive a letter from
- JCT discussing the proposed suspension and listing the trips missed.

- Patrons may appeal no-show suspensions or request that they be investigated first by JCT staff. Service will be stayed during the course of the investigation, and the appeals process, but only with no-show appeals. The appeals process will mirror the appeal process listed below, the appeals process for eligibility.

The suspension schedule is as follows, per calendar month:

- 1st offense: Written Warning and/or Phone Call
- 2nd offense: 3 Days
- 3rd offense: 5 Days
- 4th offense: 10 Days
- 5th and subsequent 15 Days

Note the following are the fault of JCT and represent no fault to the patron.

Excessively Long Trip:

Any paratransit trip longer than a comparable fixed route trip (walking to and from stops is to be taken into consideration).

Missed Trip:

A-If JCT paratransit vehicle arrive outside of pickup window and rider does not take the trip.

- If the rider does take the trip, it is considered a late trip.

B. If the JCT paratransit vehicle never arrives.

TRIP CANCELLATIONS

- A client is responsible for his/her own cancellation. If a client needs to cancel a scheduled paratransit trip, he/she should notify JCT no later than 30 minutes prior to the scheduled trip time. A trip which is not cancelled by the client at least 30 minutes prior to the scheduled trip time will be considered by JCT to be a “no show” trip, unless the late/no cancellation was not within the client’s control.

INCLEMENT WEATHER

- JCT reserves the right to alter any and all routes, or suspend JCT services, due to inclement weather (imminent, during, and aftermath), at the discretion of the JCT Director.

PERSONAL HYGEINE

- In order for JCT to provide a healthy and safe environment for all JCT paratransit clients, paratransit clients are strongly encouraged to maintain their personal hygiene (cleanliness) so that they do not have a repellent body odor. If a client needs assistance with personal hygiene, an agency such as the Department of Human Services, Adult Protective Services may be able to assist. Their toll free number is 1-888-277-8366, 8:00 a.m. to 4:30 p.m., Monday - Friday.

Prior to service suspension, a client will be notified in writing that JCT proposes to suspend the client’s service, with the specific basis for the proposed suspension and the proposed sanction. The written notice will also provide information regarding the appeals process.

APPEALS PROCESS

Individuals who wish to file an appeal following JCT’s determination of denial of their ADA paratransit eligibility or their suspension of service by JCT (for excessive missing of scheduled trips or behavior issues) should:

Paratransit service will not be provided to individuals pending determination of appeals regarding denial of ADA paratransit eligibility or suspensions based on seriously disruptive, violent, or illegal behavior, or behavior which is a direct threat to others.

Individuals who have submitted an appeal will be notified of the decision of the administrative appeals board in writing, within 30 days.
